Buy The Rug With a History

A Chinese Work of Art

Among the large number of Chinese Rugs that come to this country every year, there are a few which stand out prominently because of their beauty in design and coloring. Such was the specimen from which one of our **Bundhar Imperial Wiltons** was made, practically a copy of the original.

The simplicity of the treatment; the broad masses of flat shades; the grace of the delicate vines breaking over the border; the charm of the small flowers and other motifs; all combine to make this a perfect example of Chinese Art at its best.

The pattern is without repeat. Each portion of it is different from any other. Yet we are able to furnish it in many sizes, an advantage not to be had from the expensive Chinese original.

This rug will adorn any room in which it is placed, and will add to the artistic enjoyment of its owner for many years to come.

The rich luxurious pile of **Bundhar Imperial Wilton Rugs** not only renders them peculiarly fit for reproduction of the superb Oriental designs and colorings, but by reason of its depth provides a floor covering comparable to the hand-tufted fabrics from the leading textile centers of Europe.

It would please us to show you this rug and many others.

HOLD NATIONAL CHURCH MEET AT RACINE IN MAY

Leading Episcopal Clergy of County Will Gather in State Next Month

Appleton Episcopalians will share in the honor, enjoyed especially by Episcopalians of the state, when the national council of the Episcopal church meets at Racine, May 11, 12 and 13. It will be the first time in the history of the church that the national council will meet in Wisconsin. While matters confined to local state interest will be rare at Racine, up at all, many of the outstanding figures of the church in the United States will be in the state during the three day session. Wisconsin clergies will not be expected to send local delegations, it was said Monday at the residence of the Rev. Henry S. Galley, rector of All Saints Episcopal church Appleton. The event is of purely national scope, he stated, and local interest in it is due mainly to the fact that it takes place in the state.

Amongst the outstanding figures of the Episcopal church in the United States who will be present at the meetings are Rt. Rev. John Gardner Murray, presiding bishop of the church and president of the national council, Bishop William Manning of New York, Bishop William Lawrence of Massachusetts and Bishop William Brown of Virginia.

Other bishops of the council are the Rt. Rev. P. F. Reese of Georgia, James De Wolf Perry of Rhode Island, Philip Cook of Delaware, J. M. Francis of Indianapolis, Lewis C. Sanford of San Joaquin, and Hugh L. Burleson of South Dakota.

EXPERT LEADING CLERGY
The Rev. George Craig Stewart of Evanston, Ill., the Rev. H. P. Almon Abbott of Baltimore, the Rev. Dr. William H. Milton of Wilmington, N. C., the Very Rev. R. S. Chambers of Dallas and the Rev. W. P. Wilson of Waco will attend.

The lady representation on the council includes the following members: Mrs. M. F. Montague, California; Mrs. Burton Mansfield, New Haven; Mrs. Richard I. Manning of South Carolina; William J. Tully, general counsel of the Metropolitan Life Insurance company of New York; James H. Pershing, cousin of General Pershing and a leader of the bar in the west; and Samuel F. Houston of Philadelphia, financier and publicist.

The council is divided into six departments. Heading these departments are John Wood, secretary of the department of missions, the Rev. Charles N. Lathrop, social service; the Rev. John W. Suter, Jr., religious education; Lewis B. Franklin, finance; the Rev. G. Warfield Hobbs, publicity; and the Rev. R. Eland Mitchell, field work.

A considerable portion of the work of the council, which meets five times a year, originates in these departments since it is through them that the missionary, education, social service and evangelistic work of the church throughout the world is directed.

The meeting to take place in Wisconsin marks the resumption of the policy of the board of missions, which was suspended in 1919 by the national council, of holding meetings in various parts of the country.

TRAFFIC SHOULD MOVE AT FASTER RATE, PRIM SAYS

Many Accidents Are Caused
by Fast Drivers Passing
Slow Ones

Traffic must move faster now than in the past owing to the vast increase in the number of automobiles, it was said Tuesday by George T. Prim, Appleton chief of police, who believes that the state should adopt the speed regulations recommended by the national conference on street and highway safety held last month at Washington, D. C.

Chief Prim is a member of the state committee which recommended changes in the state statutes controlling and regulating traffic last year. "Investigation of accidents on country roads show that many accidents are caused by drivers coming from behind and trying to pass the traffic ahead of them," he said. "The cause of this hurry is often due to the slow movement of the vehicle just ahead," Chief Prim said.

The chief believes that the slow driver could be speeded up a little and the speedy driver slowed down. In this way, he feels, a happy medium could be reached which would result in less disruption in the line of traffic and consequently eliminate many accidents. "Automobiles are better constructed and highways now are built to permit greater speed than when most of the present traffic laws were enacted," says the chief.

The state committee formed at a conference called by the Wisconsin highway commission, recommended that the statute be changed to permit a maximum speed of 40 miles per hour outside the city limits of cities and villages and that the minimum be fixed at 25 miles per hour. Another recommendation was that statutes permit a maximum speed of 25 miles per hour on arteries for through traffic within cities.

Some suggestions Mr. Prim makes on traffic are as follows:

Fifteen miles an hour when approaching within 50 feet of a grade crossing of any steam, electric or street railway when the driver's view is obstructed.

Fifteen miles an hour when passing a school during recess or while the children are being dismissed or assembled for classes.

Fifteen miles an hour when approaching within 50 feet and in traversing an intersection of highways when the driver's view is obstructed.

Fifteen miles an hour in traversing or going around curves or traversing a grade upon a highway when the driver's view is obstructed within a distance of 200 feet along such highway in the direction in which he is proceeding.

Twenty miles an hour in a business district.

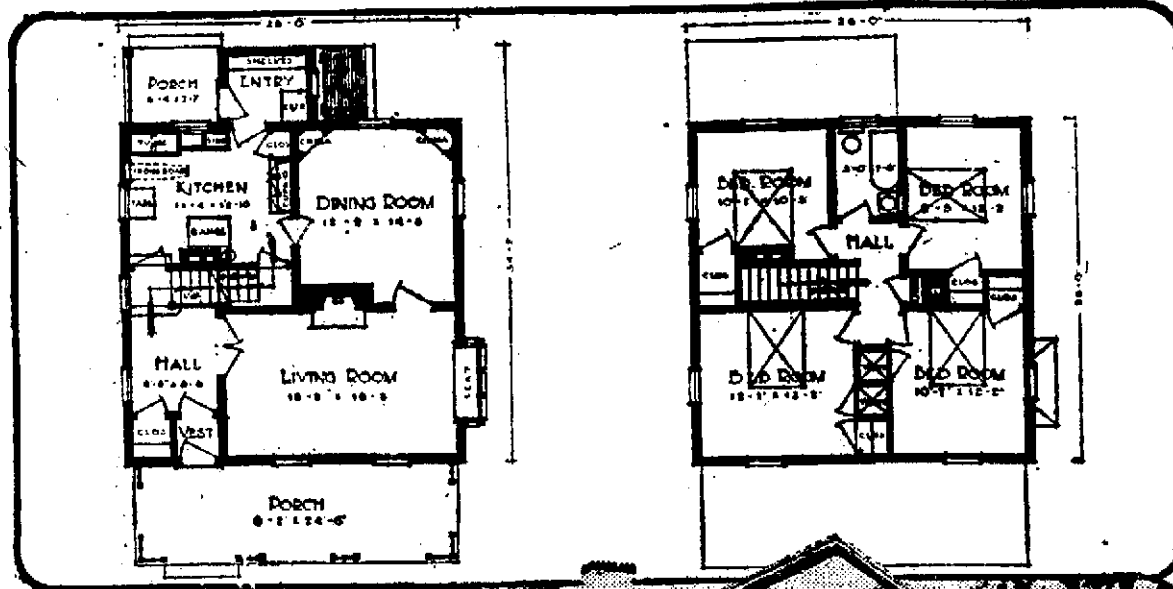

Twenty miles an hour in a residence district.

Thirty-five miles an hour under all other conditions.

Not only does Chief Prim hold that the participant in any accident in which damage results should report, but he believes that it should be compulsory on garage owners to report to the police all cars coming to their notice which have the appearance of having been in accidents or of being struck with a bullet.

Chief Prim would require each driver of an automobile to have a permit by some authoritative person, showing that the driver is a safe and capable operator of such a vehicle. All this would reduce accidents, he asserted.

COLONIAL HOUSE FEATURES ROOMY PORCH

The 26 by 28 "square" house has a new form in this seven room Colonial home. The gable end of the roof is across the front, and there is a large front porch, with decorative lattice work. Windows with small panes and green blinds lend much to the good appearance of the house, carrying out the Colonial idea. A central hall would cut the interior of a square house into very small rooms. So in this well-planned arrangement, the hall is placed at the side, thus securing roominess, and also making it possible to reach the front stair landing from the kitchen. This not only saves a great many steps for the housewife during the day, but saves the expense of a rear stairway. There is a vestibule and large coat closet. The hall is lighted by two large windows, one of them on the stair landing.

French doors from an attractive entrance into the living room. The hearth, and the window-seat in the bay are features of this room that are bound to please. Corner china closets are built-in in the dining room. The kitchen has many con-

veniences, and is excellently arranged. Housekeepers will appreciate the broom closet, the built-in ironing board, work table and dresser. A location for stationary laundry tubs is indicated, if these are desired. The rear entry provides a place for the refrigerator for delivery shelves, and is a good place for tricycle, garden hose, and such. Upstairs there are four corner bed-

rooms and bath. Each bedroom has a good closet, and two of them are equipped with the desirable new built-in tray cases, which hold a great deal in compact space, in a neat, orderly manner. There is an extra closet off the hall for linen. This house provides a comfortable roomy interior, and a good-looking exterior that is up-to-date in every way.

A trip to Shawano by Mr. and Mrs. Roy Harriman and Fred Harriman nearly ended in a stretch of muddy road, just east of Shawano. Outside of this mile of mud, Mr. Harriman said that the roads are good.

KAUKAUNA WILL
HAVE GOOD TEAM
IN VALLEY LOOP

Preparations Are Started to Recruit Star Players for Baseball Squad

Kaukauna—Kaukauna will be represented by a strong team in the Fox River Valley baseball league according to present indications. Players will be drafted from Kimberly, Little Chute, Combined Locks and Kaukauna. The organization of the local team will follow closely the old home team organized by George "Stormy" Kroner in the past and many of his former players will be included in the lineup.

Work has been started on the baseball park and as soon as it is in condition a call will be issued to all baseball talent in the surrounding vicinity for berths on the team. The Kaukauna club will be shy on pitchers, for "Stormy" Kroner has taken almost every good amateur pitcher from around here to Oshkosh to try out for his Blackwell club.

The grandstand in the local ball park will be repaired before the season is started and the playing field will have to be leveled in places.

John Phillips has had charge of the local team so far and it is expected a manager will soon be appointed. Rumors have it that J. R. Maginnis, local Y. M. C. A. secretary, will take the managerial reins of the Electric City team. Mr. Maginnis has managed several semi-pro teams in past years including the strong Cub organization in this city.

There is much enthusiasm in Kaukauna over baseball this year in fact more than there has been for several years although Kaukauna has always been a good baseball town.

Waving and
Curling Dries
Life from Hair

The constant curling and waving demanded by present styles in bobbed hair, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle and full of dandruff; then the hair roots shrink and the hair falls out fast.

Since girls just must curl and wave the hair to appear their prettiest, try "Dandarine" to offset the bad effects. After the first application, your hair will take on new life and that healthy youthful lustre, become incomparably soft, wavy and appear twice as thick and abundant. Falling hair stops and dandruff disappears.

A 35-cent bottle of refreshing "Dandarine" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

STAGE AND SCREEN

TOM MIX HAS GREAT CAST IN NEW FILM

Tom Mix in his latest William Fox production, "The Lucky Horseshoe," is the next attraction at the New Bijou theater today, Friday and Saturday.

While this is a western picture, there is a decided innovation, in that a Spanish dream-sequence, in which Tom enacts the role of Don Juan, the greatest lover of medieval times, forms a great portion of the film.

Billie Dove is the heroine of the story, with Ann Pennington, noted Polka dancer, J. Farrell MacDonald, Malcolm Wake, J. Gunnis, Davis and Charissa Selwyn in support, J. G. Hystone directed.

"The Lucky Horseshoe" is totally different from the usual run of western stories. It is the tale of a westerner who loves the daughter of his boss and who almost loses the girl through his shyness. However, after dreaming he is Don Juan he decides that faint heart never won fair lady and arrives in time to stop the wedding and marry the girl himself.

Tom Mix is seen at his best in the leading role and with him is J. Farrell MacDonald, the redoubtable "Casey" of "The Iron Horse" who lends colorful comedy to the picture with his imitation of the villain's valet.

BREATHLESS SUSPENSE IN "PLEASURE BUYERS"

The high society murder that gave Arthur Somers Roche the incentive for writing his baffling mystery story, "The Pleasure Buyers," also gave to the screen one of the most exciting photoplays that we have witnessed.

In the picture version of the novel, showing at the Elite theatre today and tomorrow, is about as well constructed and baffling a mystery as we have ever encountered. It moves swiftly like a high powered car that is racing through devious roads with danger at every turn. You follow its course with breathless suspense. If you ever enjoyed an expert detective story, you will love this one.

Warner Bros. have given the picture an excellent production, with a cast that includes such favorites as Irene Rich, Clive Brook, June Marlowe, Gayne Whitman, Don Alvarado, Charles Conklin, Frank Campeau, Winter Hall, Edward Del and Frank Leigh.

Chet Whitney is responsible for the keen direction and Hope Loring and Louis D. Lighton for the smooth scenario.

Committees Speed Up Efforts to Prepare for Big Program in July

Active preparations for the Saengerfest to be held here from July 16 to 18 were started immediately after meetings of committees at Hotel Excelsior Tuesday night. About 20 cities will participate in the big singing festival, the latest to send word that it will be represented by Menomonee Wis.

The music committee, with Peter Jacobs at its head, was instructed to arrange for an orchestra and a band to furnish music for the occasion.

The concert committee, headed by Charles Schimpf, was instructed to complete arrangements and to issue tickets for the concert to be given at Lawrence Memorial chapel on Saturday evening, July 17. The Eastern Wisconsin Saengerzirk is to have charge of the program which will consist of numbers by a large mass choir, and many solos, duets, trios and quartets.

The badge committee with Jacob Hopfengartner as chairman, is preparing to have badges made for the occasion.

The first of the advance publicity material, the test-paper, is ready to be mailed to the cities participating and also to the local business men who have purchased advertising in the paper.

The decoration committee has been instructed to confer with the chamber of commerce, concerning decorations for the city and the grounds and hall to be used.

William Eggert is the general chairman of all the committees. General committee meetings hereafter probably will be held every two weeks instead of every month.

HOLD SENIOR CLASS TRY-OUTS NEXT WEEK

Try-outs for the high school senior class play will be held next week under the direction of Ruth McKennan, head of the public speaking department. The play selected this year is George Adess "Just Out of College" and the production will be given May 11 at Fischer's Appleton theater.

Edward Blessman Will Represent Appleton High School in Contest

Edward Blessman will be Appleton high school's representative in the annual Fox River Valley Forensic League oratorical contest to be held at the high school Friday afternoon. His oration is Robert Emmet's Plea Against Conviction as a Traitor. Five of the eight valley conference schools have sent in names of their entries. Oshkosh and Fond du Lac will not enter speakers and Manitowish has not been heard from.

The other entries and the titles of the orations are: Sheboygan Helmut Summ, Lincoln, The Preserver of the Constitution, East Green Bay, Jack Rudolph, The Adventure of Peace, West Green Bay, Everett Melvin, The Power of Conviction, Manitowish, William Morton, The Crisis of the Ages.

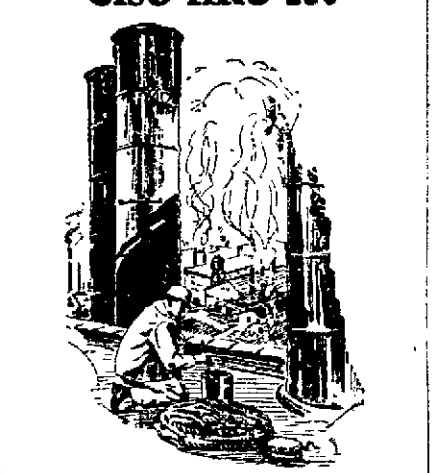

The contest will begin at 2:30 Friday afternoon. Judges will be the coaches of the five orators who are taking part. A piano solo will be played by Catherine Russell as a part of the program.

The winner of the contest will represent the valley district at the state oratorical contest the latter part of May in Madison.

Blessman has been coached in his oration by Margaret Sherman of the high school English department.

Last year the valley contest was won by Howard Brockhaus, Appleton representative. The contest was held at Manitowish.

MARKET Your Corn on The Hoof!

Apex Portable Fence (portable because of the convenient steel posts and flexible swinging joints which make it easy to roll and unroll) helps farmers to become independent of market fluctuations through hogging down crops. This method saves 15% of the cost of harvesting and produces pork with one-fourth less grain. It also develops hogs quicker, enabling them to be sold at early, high prices and often at a premium, for bacon.

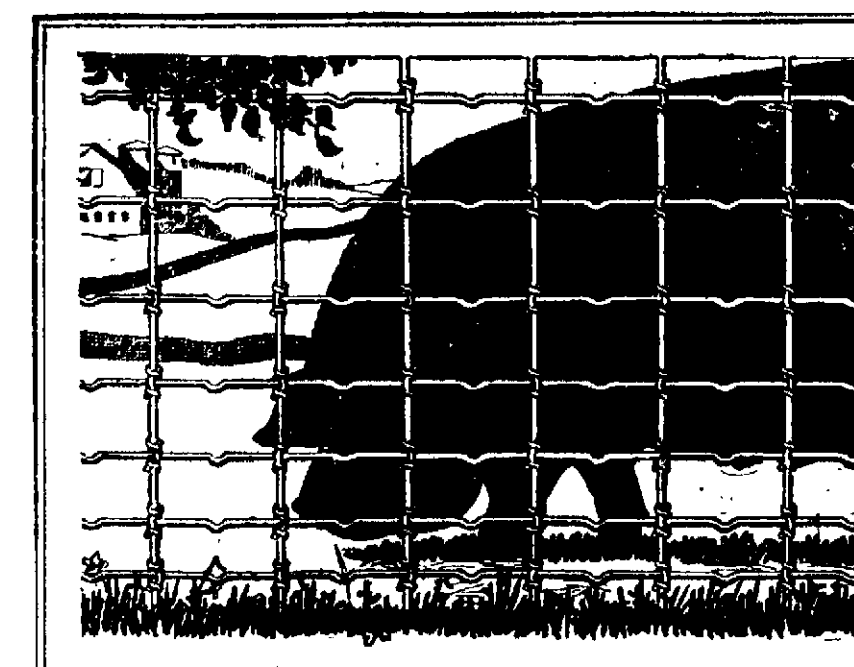

To accomplish this, fields should be fenced adequately. Pigs should have access to only a small part of the field at a time. Fence off a spot with temporary fence. When it is cleaned up, fence off a little more, and so on.

A farm that is properly fenced allows of rotating the stock as well as the crops. This benefits both land and stock.

Pledge to the Public on Used Car Sales

- 1 All used cars offered to the public shall be honestly represented.
- 2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.
- 3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.
- 4 Every purchaser of a used car may drive it for five days and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

If a car is suitable only for a mechanic who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Only a very small down payment and one of these fine used cars becomes yours. Balance can be arranged at the most liberal terms available. Come in and see these values:

THE YELLOW STUB

by Ernest Lynn

BEGIN HERE TODAY

HENRY RAND, 55, a business man, is found murdered in a cheap hotel in Grafton. Police find a woman's handkerchief and the yellow stub of a theater ticket.

MILWAUKEE RAND, his son, goes to Milwaukee, where the theater is. The stub is traced to THOMAS FOGARTY, who says he gave it to OLLIE MAYNARD, a cabaret singer. Jimmy meets and falls in love with MARY LOWELL. Later he encounters Ollie. She faints when she learns police want her for murder. Mary, out with SAMUEL CHURCH, a wealthy lawyer, sees Jimmy lift Ollie into a taxi and misunderstands. Ollie might have come into possession of a man who "picked her up" two nights before the murder. Jimmy receives mysterious warnings to leave Milwaukee. Later he is followed by two men and attacked. He escapes, after grabbing a blackjack from one of them.

He is walking in the park one morning when he sees Mary Lowell sitting alone on a bench. NOW GO ON WITH THE STORY

CHAPTER XXI

Jimmy quickened his step, galvanized into sudden action by the sight of her.

"Mary," he said softly, looking down at her. He felt strangely stirred; the blood raced madly through his veins.

She turned quickly, startled at the sound of his voice. The red mounted swiftly to her cheeks, almost as if he had surprised her in the act of thinking about him.

"Good morning, Mr. Rand," she took his outstretched hand.

"So I'm just Mr. Rand to you, am I?" he said. He laughed mirthlessly. "You forget quickly, don't you?"

She made a pretense of studying her glove and didn't answer.

"It was not so long ago," he went on, "that it was Jimmy. No, it was Jimmy. Everybody calls me Jimmy, but you said you wanted to call me Jim. What was it you said—that Jimmy seemed so diminutive?"

"Don't," she put up a protesting hand. "You have no right to remind me of that."

He made as if to sit down on the bench and she moved over to give him room beside her.

"It is you," he said, "that have no right to treat me as you have treated me. Mary," he went on, gazing earnestly at her, "you hurt me. You hurt me cruelly."

"And what about me? It probably never occurred to you that I might have been hurt, too."

He leaned toward her eagerly. "You mean," he asked, "you mean you care?"

She fingered her glove nervously, not daring to raise her eyes.

"I didn't say that," he may, put any interpretation on it you wish. I'll only tell you that you disappointed me. Wait a minute." She checked him with a wave of the hand as he was about to speak. "Let me just say what I want to say and then I'll go. I shouldn't say it, but I want to—I can't help it, even though I had made up my mind never to speak to you again."

"You—you destroyed something beautiful for me, Mr. Rand," he winced at her mention of his name. "Perhaps I'm talking like a romantic young school girl, but I keep remembering the way we met. It was romantic—your saving me from being annoyed by those men, and fighting for me."

"I remember," he murmured. "You called me Sir Lancelot, and you were Elaine."

"You seemed so clean and manly," she went on, "and then you had to spoil it. You were not so different from other men, after all."

"Spell it? What do you mean?"

"It's not necessary to ask, is it?"

"Mary," he said, "you judged me without a trial. You didn't give me a chance to explain."

"What was there to—"

"I know what you're going to say," he went on hurriedly. "That there was nothing to explain. Now hear me. You've got to hear me. You say you keep remembering the way we met. Don't you suppose I do? God help me, I've hardly thought of anything else. You were so fresh and beautiful—so different from any other girl I'd ever known. You seemed that way right from the start, from the time I first saw you sitting there in the church."

"And then that night at the restaurant," he continued, the words tumbling from his lips, "and you said you were going to call me Jim. Mary, that seemed like the most wonderful thing in the world to me."

"Don't," she breathed, turning away from him. "You have no right to remind me of that after what has happened."

"Then I'll take the right. You can't stop me now. I thought—I thought you cared a little and it was wonderful even to think it. That evening, while we were sitting there at the table, I heard some men mention a girl's name—a girl I had been looking for. Mary, you don't know how important, how necessary it was to find her."

She surveyed him critically from beneath her long black eyelashes. "And it was so important and necessary," she asked coldly, for you to be lifting her into a taxi cab the next night—holding her in your arms on a public street?"

He flushed hotly. "You speak," he said bitterly, "like a jealous woman." He tried to hurt her, and he did, and he was instantly sorry that he had.

Two bright spots of color glowed in her cheeks. "You are entitled to your opinion," she said. "Perhaps I was jealous. At any rate, it was sufficient to kill whatever regard I may have had for you."

"Mary, I'm sorry. I shouldn't have said that. I've hurt you."

She flushed at the question, but made no answer.

"Of course it was. If I had the gentleman here I think I'd punch his head for the trouble he has taken in my behalf."

"I don't believe you realize what you are saying," she was plucking nervously at her handkerchief.

"Oh, don't!" His anger was running away from him. "Has it occurred to you that I'm the one who has had all the explaining to do? It seems I got in wrong for being seen with another girl. How about yourself? Was I to take your presence in Mr. Church's company for granted?"

"Oh, please stop, Jim. You're only making matters worse." She put her hand on his sleeve, pleading.

"Who is this man Church, anyway?" he persisted.

She turned to face him squarely, the look of pain again in her eyes. "He's the man I'm going to marry," she said softly.

It stunned him. "God, no," he said after a long silence. She had turned away was crying. "You mean," he asked, "you mean you've promised—you're engaged?" She nodded.

"Mary," he cried, a sob in his voice, "it's not true. Say it's not true. I love you, Mary, I love you."

FOREIGN BUYERS COME TO U.S. FOR OBJECTS OF ART

Europe Would Take Back
Her Treasures of the Ancients

New York—(AP)—American art dealers, who in the last several years brought many European collections to this country for disposition, now are having waits from foreign buyers intent upon taking back some of the treasures.

These visitations, however, are not expected to become numerous, because the fact that New York has become a great art market leads art dealers to believe that Americans are in a financial situation to pay higher prices. Estimates have been made that sales here alone this year will total at least \$15,000,000, a big increase over 1925.

One of the notable examples of the activity of foreign dealers was in the sale of the Leverhulme collection here. Reports were current that the British royal family and others were represented in the bidding.

Frank Partridge and the firm of Charles of London each purchased many of the objects, but most of the collection went to Americans. As an indication of the prices brought by important collections, the total receipts on this one was expected to pass the two million dollar mark.

The C. J. C. B. B. group of fine paintings, which formerly hung in his home on Washington Heights, brought \$491,300. That part of the collection of the late Senator Clark not left to the Corcoran Galleries, in Washington, was disposed at auction here for \$450,000.

Officials of the American Art Galleries reported a particular interest in rare books, manuscripts, autographs and old letters. Americana also has registered a great increase in sales, the most important of the year being the Manning, the Turner-Munn and the Samuel T. Shaw collections. The latter was a group of American paintings.

Gray probably had no vision that a first edition of his *Elegy* one day would sell for \$3200. Two pages of an original manuscript by Robert Louis Stevenson brought \$1,110. An original manuscript of one page, written by Robert Burns, sold for \$1,000. A log book and journal kept by Prince William Henry during his service on "H. M. S. Prince George" in New York, 1781-82, brought \$2,051.

Three years ago, the American Galleries sold Hamilton's presentation copy of the *Federalist* to Baron Von Steuben, believed to be the only such copy in existence, for \$240. A few days ago, it again was placed on sale and brought \$740. A letter written by Benedict Arnold after he had betrayed his country sold for \$300.

These families with the art market, do not expect prices to decrease. They believe that donations of art collections, rare books, manuscripts, letters and autographs for public use are taking many of the treasures permanently from the market.

Prominent among these are the gifts of J. P. Morgan, Henry Huntington, A. C. Chapin and Archer M. Huntington and the \$40,000,000 left the Metropolitan Museum of Art by Frank P. Munsey.

How Her Thin Weak Boy Grew Strong And Took On Weight

My boy was run down — just about skin and bones, and no appetite, writes Mrs. Baker of Boston.

"I am writing you in the hopes that other Mothers will read this voluntary testimonial regarding McCoy's Cod Liver Oil Tablets. My boy, Emanuel, was run down completely, just about skin and bones; also irritable and with no appetite.

"I noticed a wonderful improvement in him while taking your tablets and purchased three more boxes. His appetite picked up, and he is now sturdy and strong. A cheerful youngster and a happy mother want to thank you.

"You may print this at any time or anywhere you wish.

"MRS. ALBERT E. BAKER,
555 Ridgewood St., Boston, Mass."

As a body builder, an appetite creator, and a muscle maker, skinny boys and girls sturdy, strong and full of energy there is nothing like Cod Liver Oil—any physician will tell you that.

But it's vile, horrible stuff to take, and is apt to upset any stomach, so now doctors are prescribing, and wise parents are buying, McCoy's Cod Liver Oil Compound Tablets—sugar coated, and as easy to take as candy.

Mothers, if any of your children are weak, thin or puny, give them these tablets, as directed for 30 days, and watch them gain flesh and health from day to day—they seldom fail—but if the unusual should happen and you are not satisfied with results—your druggist is authorized to return your money.

Be sure—always—to get the original and genuine McCoy's Cod Liver Oil Compound Tablets—60 tablets, 60 cents, at Schintz Bros. Co., Downer's Drug Store, or any druggists.

TRADES COUNCIL STARTS STUDY OF BUILDING CODES

Labor Unions Will Ask Appleton to Adopt Code After Survey of State

A committee composed of one member from each local building union will be formed for the purpose of studying the building codes of various cities, with the idea of requesting the Appleton city council to adopt a building code here, it was decided at a meeting of Trades and Labor council, Wednesday night.

The trades council also expressed approval of the Fitzgerald bill, now before congress, which provides for a federal fund for compensation of persons injured or the heirs of those killed in industry. The American Federation of Labor also approves of this bill.

William Eggert, local representative to the state educational conference, called by the Wisconsin State federation of labor at Milwaukee last Friday and Saturday, gave a report.

BUY YOUR NEW AUTO LICENSE BEFORE MAY

There are few auto owners driving their cars with 1925 licenses in Appleton and surrounding territory. George T. Prim, chief of police, said Wednesday.

"An automobile owner may drive his auto until May 1 with last year's license without laying himself liable to arrest," said Chief Prim, "but for the sake of good order in the handling of automobile licenses, we hope that no one will take advantage of that privilege."

"There is no penalty imposed on autoists driving without 1926 licenses until after May 1. If after that time motorists fail to secure the new license, they are subject to arrest and a fine."

FIRE DESTROYS FREEDOM HOUSE

Family of Ten Rendered Homeless When Old Structure Burns

Freedom—Fire Wednesday destroyed the house occupied by the family of Mr. and Mrs. Owen Hughes. The house is known as the old Edward Nye estate and was a landmark for 30 years.

Virtually all of the furniture was saved from the flames. A bucket brigade worked valiantly to save the structure itself but without avail. Mr. Hughes who is incapacitated with a broken leg, had to be carried from the house. He is employed by the county highway department as a road patrolman.

The fire rendered eight children homeless. Mr. and Mrs. Hughes and four youngest children were taken to the home of Mr. and Mrs. William Rickert; two others were given temporary home at the residence of Mr. and Mrs. John Rickert and two at the home of Mr. and Mrs. Edward Scherle.

I SLEEP BETTER

Says Illinois Man, Bladder Action At Night Is One of Nature's Danger Signals.

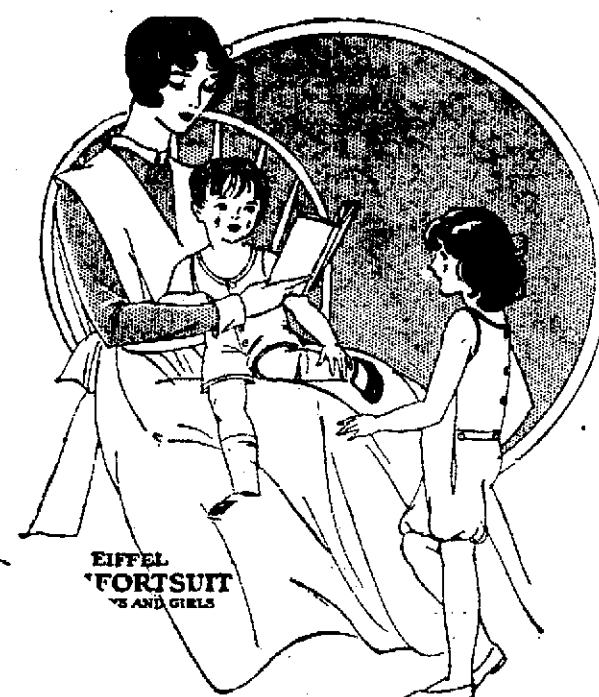

C. E. Hodgins, Unity, Ill., says: "Lithiated Buchu relieved me of a bad case of bladder irritation. I sleep nights and am better in day time. It has also helped my wife. I will tell or write my experience to any one. Lithiated Buchu acts on bladder as opson salts do on the bowels. Drives out abnormal deposits and neutralizes excessive acids, thereby relieving irritation which causes 'getting up nights.' The tablets cost 2 cents at leading drug stores. Adventures Of The Twins

MARTY MINK AND CHARLEY OTTER

"Is everybody spring-cleaned?" asked Nick when the March Hare and the Twins returned to Scrub-Up Land after taking Tatters to his new home. "No, indeed!" said Mister Rubadub, looking meaningfully at the March Hare. The March Hare looked very unhappy. "No, indeed!" he repeated, turning the pages of his big book. "I only wish they were. But here's Mister Mink to be spring-cleaned. And as everyone knows, it may be that he's hungry for a rabbit dinner."

"Now see here, Mister Hare," said Rubadub, "don't be foolish and worry about nothing. I've been reading it all up in the 'Togghollow Gazette.' It says very plainly that a fairy rabbit is different from any other kind of rabbit. And you're a fairy rabbit, aren't you? The same as the Easter Bunny. You can go anywhere you wish and nothing can hurt you."

"Is that so?" said the March Hare, beamed the March Hare. "And no matter how I get after those sleepy rascals, they can't bite me—is that what you mean?"

"Certainly," said Mr. Rubadub. "Now go and get that mink fellow. And while you're at it, look up Charley Otter as you pass by."

"Aye, aye, sir!" said the March Hare. "Come on, children."

Nancy and Nick stepped right along in their magic shoes, following the March Hare down the path by the secret bush.

Then they turned off through the meadow toward Ripple Creek.

Then they went along Ripple Creek past Marky Muskrat's house, past Billy Beaver's dam, and past Mossey Mud Turtle's log, where he usually sunned himself, on and on and on, until they came to a pretty wild place where the water ran between rocky banks. A lot of old trees lay across the water like so many bridges.

On one of these bridges sat Charley Otter, and on another sat Marty Mink.

"Hush!" said the March Hare. "Let's watch them and see what they're doing."

"I bet you I catch the first fish," Marty Mink was saying.

"I bet you don't," said Charley Otter. With that, there was a streak of brown and a splash, and Charley Otter bobbed to the top of the water with a fish in his mouth.

He swam to shore and Marty Mink ran over, and waited for him to climb the bank.

"I lost that time," said Marty, cycling the fish hungry. "But I'll beat you yet. I can yell louder than you can."

Charley Otter opened his mouth to tell the fish he'd won and Marty grabbed it. Like a flash he leaped behind a rock and was gone, knowing that he could move much faster than Charley, and that by the time Charley reached him the fish would be finished.

"That's the way with mink," whispered the March Hare to the Twins. "They let someone else do the work half the time."

"Look at Charley Otter," said Nancy. "He doesn't seem to care much."

And indeed it seemed so. For the little Otter boy was sliding down the mud into the water and having the time of his life!

But that's only half of the story.

DAY LETTER FROM LESLIE PRESCOTT TO JOHN ALDEN PRESCOTT

Walter was on the operating table this morning for two hours and a half. The doctors think that the immediate operation was very successful but they tell us that only about half of these operations does the bone pick up the capillaries and grow in where it has been grafted. Dr. Walton tells me this operation may have to be done three or four times before it is really successful.

Walter came out of the anesthetic splendidly. He seems to have stood it better than Ruth did. She collapsed and had to be put to bed as soon as she found that for the time being at least, her husband was out of danger.

Of course there is always danger of infection in a case like Walter's. I haven't suggested this to Ruth, however, as I think her nerves, poor girl, have been wrought up enough. She'll be all right in a few days, the doctors tell me, unless something unforeseen happens. What, considering people physicians are! They always qualify every assertion they make!

I'll write to you tonight.
Always your loving wife,
LESLIE.

Letter from John Alden Prescott to Leslie Prescott

Darling girl:
I was mighty glad to get your day letter this noon and to learn that everything is going so fine for Walter. I do not think with the methods of modern surgery, there is much danger of infection, so I'm sure everything is going to be all right.

Of course, I am delighted to know that Walter is getting along well for his own sake, but I am still more delighted for my own.

The sooner Walter Durke recovers and is on the road to convalescence from the effects of his deplorable accident, the sooner will Mrs. Leslie Hamilton return to her lonely and disconsolate husband, John Alden Prescott.

There! I think I have said that formally enough to impress even you whom I am never able to impress much.

Everything here is going on swimmingly. I had no trouble getting that call from the First National Bank and we already have money enough deposited to take care of it whenever it is called. This pleases me greatly as you know your mother will be here the first of next week and I am having Ball! Atherton prepare a statement of the business to show her and you may be sure I shall be very glad to present our mother with a clean business slate. (Copyright, 1925 N.Y. Service, Inc.)

SENATORS TAKE SECOND STRAIGHT FROM MACKS

Veteran Covie Repeats Work Of Aged Walter In 2nd Tilt Of Big Series

Pirates Even Series With Hornsbys' Cards; Giants Lick Dodger Crew, 9-5

Chicago—(AP)—American League baseball batters provided features on second day of the season although Wayland Dean, youthful right-hander sent to the Phillies by the Giants allowed the Braves only four hits.

The Red Sox and Yankees continued their tremendous slugging at Boston but at the end of the tables of the previous days' three hour tussle had been reversed. The veteran Stanley Coveleskie, pitching for Washington, held in check the powerful Philadelphia Athletics as Walter Johnson had done on Tuesday.

From the southern training camps had drifted reports that the Red Sox carried only two or three dependable hitters and the Yanks journey up the Atlantic coast, which saw 12 successive victories over the Brooklyn Dodgers, had indicated that the once champion strength that would sweep all before it.

But in the Red Sox the Yankees encountered worthy foes who fought them tooth and nail on the cold opening day only to fall at last by one run, 12 to 11. With the weather improved for baseball Wednesday, the Bostonians continued their vicious hitting and the Yankees could not match it. In the two days the Red Sox have made 19 runs on 29 hits while the Yanks have made 19 runs on 26 hits. Wednesday's count was 8 to 7 in Boston's favor.

Far different is the situation in Washington where for Cardinals and Athletics have managed to score a single run and 12 sacrifices. Walter Johnson shut them out Tuesday 1 to 0, in 15 innings and Wednesday Coveleskie, whose strained back made him a failure in the last world's series, permitted only six hits in nine.

Three Braves pitchers were pounded while Dean was giving his excellent demonstration of three fastballs. The youngster gathered three sacrifices in a hitting spree that saw Wertz, Ryan and Graham of Boston in trouble. The score was 10 to 1.

The Cubs made nine hits count for as many runs while Cincinnati could count only twice on thirteen safe blows. Carl Mays, veteran submarine ball artist, was knocked out of the box.

At St. Louis the world's champion Pirates turned on the Cardinals and gained a 10-3 verdict with Kromer pitching excellently. Hornsby, of the Cardinals, who had a perfect day at bat on Tuesday was unable to solve Kromer.

With a right hander opposing them the Giants used their sticks to good effect against Brooklyn and won 9 to 5. Ring, with the Phillies last year, pitched steadily after a shaky start for McGraw's team. Shortstop Jackson of the Giants made a homer.

COACH YOST "TALKS" TO DEAF ATHLETES

Jacksonville, Ill.—(AP)—Coach Fielding H. Yost of the University of Michigan, was the principal speaker at the fourth annual banquet of the Illinois school for the Deaf athletic association here, his address being translated into the sign language by T. V. Archer, principal of the school.

"Service is the main aim in this life," said Coach Yost. "The fellow that lets George do it is the loser. George is the only one that gets any benefit out of it. You only get out of life what you put into it," he continued.

He stressed the point that to be a real success in either the athletic or the bigger game of life, a full knowledge of the meaning of the word "Love" in connection with the school, home, country and job is necessary.

PINDLE-NATALIE CUE BATTLE STARTS TODAY

A match which should attract the attention of all local cue enthusiasts is scheduled for Thursday Friday and Saturday at Hotel Appleton when two state billiard champions clash in a 600-point battle. The cue is between Harold Pindle of Appleton, Badger champ and Pasquale Natalie, New York state champ, and a leader in the national cue loop. Blocks of 123 will be played each afternoon and evening and there will be plenty of room for all spectators.

TENNIS AND GOLF ON ORANGE SPORT CARD THIS YEAR

School Net Champ to Compete in Valley Title Meet; Cross in Charge of Golf

Minor sports will be given a much larger play than ever before at Appleton high school this spring as the result of the organization of tennis and golf teams. Last year a tennis team was organized with moderate success for a first-year project. Matches were played with Oshkosh and Neenah high schools and the Orangemen broke even in one and lost the others to more experienced rivals who had been playing the game as high school teams for two years. This year a school tournament will be played to pick the school singles champion. He will represent Appleton in the valley conference net meet held in conjunction with the conference track and field meet sponsored by Lawrence college and held in this city on May 15.

The local school has had an informal golf squad for the last two years and was represented both seasons at the state prep meet at Racine. The boys had no coaching. Last year they played dual matches with Oshkosh and Fond du Lac highs, both coached crews, and split even in games played, a fine record for the work put in. This year three members of the 1926 team are back in school. C. W. Cross, faculty athletic manager will handle the golf team.

WILDCATS, PUNCHERS TIE FOR LEAGUE LEAD

Kimberly — LaRozes Shicks lost their grip on first place position when their pitching ace blew up in the final inning to allow Sprankes' Wildcats four runs, and a 6 to 3 victory to tie for the position. LaRozes for the losers pitched a good game until the big blow up, when he allowed eight hits, which counted four runs. Stevens and Vanderveiden did most of the slugging for the winners. The Montana Cowboys shot Red Fyfe, hampered the biggest score of the year, making 23 hits and 14 runs. The Red Heads failed to count until the final inning when a substitute pitcher allowed two runs. LaMay and Huntington were the chief slugging men for the Red Heads, while the western aggregation hits were Fyfe, Fyfe, Goker, however, got four hits out of four times up and scored four runs.

GENE SARAZEN — LEARN BY WATCHING EXPERTS

I learned many things about golf in tournaments and I realized I had a long distance to travel. In fact, I was a little discouraged over my showing. Some of the boys were grumbling about their luck and the putting greens. I felt I had hard luck on the greens, also because so many putts stayed out of the hole. However, I have since learned that if you hit your putts properly they will generally drop.

I played in a few other tournaments, learning something in each competition but winning no money. However, my confidence was increasing and the more I saw of the other players, the more I thought I could do as well as most of them.

But I also realized that fellows like Hutchison, Barnes and Hagen had shots I knew nothing about and were champions because of their exceptional feel.

Hutchison's iron play particularly impressed me. At Pinehurst I watched him closely. In fact, after I had played two rounds I withdrew from the tournament and followed Gutz, studying his swing all the way.

CONSTRUCTION CREW WINS K-C BALL TITLE

Kimberly—The construction department, punchball team, clinched the interdepartmental loop title when it defeated the towly Electric in a postponed game. Hitting Courchane's pitching all over the court, the heavy hitting Construction gang, had little trouble in scoring at will, aided by erratic fielding by the Electric. The Construction team has two games to play yet in the loop, but losses in these encounters will not affect the standings of the teams, because of the big lead it has.

VOCATIONAL QUINT BEATS GREEN BAY

Appleton Vocational school basketball team ended its 1925 cage season Wednesday evening at Green Bay when it took the Bay vocational school squad into camp by a score of 19-5 in a game postponed from mid-season. The local boys were handicapped by the absence of Koepsel, capped forward, and Verbein, regular guard, who were out with an injured leg and hand, respectively. But their teamwork and shooting was as good as at any time this year.

Bowers at center checked up 9 of his teams 13 points and Christensen and Munster at forwards, added 5 and 3 points respectively. Egbert at one guard got 2 points and played a nice defensive game in which he was aided by good play by Weiland and Krabbe at the other defense position.

JOLLY FIVE GIRLS WHIP MALE KEGGLERS

Though aided by a 300 pin handicap, the Jolly Five girls pin quint of the Tattle Press Co. did not need the extra maps to take two out of three games from the Kegglers. Missus of Menasha, in a match rolled Monday evening on the Menasha alleys. The local girls won by 264 pins. The men took the opener by 15 pins but took bad drubbing after that when the girls hit 900 scores.

Dave's Dots And Dashes

Coach John of Manitowoc had a little bird whisper some sweet news in the other day's chat. He named Smith from Wauwatosa high is coming to Manitowoc next fall to finish school there. He isn't very big—about 6 feet 2 inches stocking feet. He captained the Wauwatosa pigskin team last year and is a bear in the molekies. He plays a tackle—just what next year's Ship city team will need. Pretty nice for Manitowoc.

Tryjver was elected the 1926 captain of the Neenah high team. He played a substitute place last season and along with another player, is the only one left of a squad of eight men. Six men will go out of the school with graduation.

It was through no fault of Earl Rogers, Appleton fistic idol, that he lost his fight down at Oshkosh last week. Earl was in the best of fighting condition up until two days before the fight, when he was compelled to take off four pounds of weight, through an agreement. This left Earl in a weakened condition. The Chilton crew had chalked up a high total as it lost two of the three games and only took the match by 22 pins when the Appleton men hit 2211. The one big game gave the Chilton men a well-deserved victory.

APPLETON FIVE DROPS HIGH-SCORE PIN TILT

Rolling a total score of 2543 including one game of 1016, Stark's Jewellers of Chilton, defeated the Willy's Knights of Appleton in a match bowled Wednesday night at Chilton. The Chilton crew had chalked up a high total as it lost two of the three games and only took the match by 22 pins when the Appleton men hit 2211. The one big game gave the Chilton men a well-deserved victory.

Appleton took the first tilt by 22 pins and then Chilton came back for the big win of 118 pins. A desperate late game rally and 64 pin win wasn't quite enough and the Knight keggers fell short of their opponent's mark.

A Jimos of Appleton had high game of the evening with a 233, but he was closely followed by L. Koller of Chilton with a 232. A. Schaefer of Chilton with a 626 mark had high series and a 668 by N. Brauer was high for the losers. Double century marks went to A. Schaefer, Chilton, 236-52; L. Koller, Chilton, 232-52; L. Stark, Chilton, 232-51; W. Groth, Appleton, 207; N. Brauer, Appleton, 225-204; H. Strutz, Appleton, 202; A. Jimos, Appleton, 233.

Stark's Jewellers—Won 1, Lost 2—P. Bienen 183, 177, 170, 530; A. Schaefer 177, 224, 223, 626; L. Koller 191, 232, 171, 534; L. Stark 190, 202, 213, 614; M. Schwartz 173, 179, 127, 479; Totals 923, 1016, 994, 2543.

Willy's Knights—Won 2, Lost 1—W. Groth 207, 177, 171, 555; E. Weiss 138, 190, 158, 486; N. Brauer 236, 180, 204, 609; A. Jimos 192, 175, 233, 600; H. Strutz 183, 176, 202, 561; Totals 945, 908, 968, 2811.

star, played a sweet game at forward for the losers. He was in more plays than any other man on the floor and sunk a half dozen shots.

Valley Conference Prep Trackmen Have Many High Marks To Shoot At Here

Don Hyde, Neller and Tuttrup of Appleton Hold Three Lawrence Contest Records

When athletes of eight Fox River valley conference schools don track suits and spikes here on May 15 in the third annual valley track meet sponsored by Lawrence college, they will find some real marks to shoot at. In spite of track and field of mud last year several marks of the previous year were broken. Three Appleton high school athletes, one a member of the Blue track squad at present and another a member of the University of Wisconsin gymnasium team are included in the record breakers.

Don Hyde of Appleton and Timmer of Sheboygan are tied for the record in the 100-yard dash. Each negotiated the distance in 11 seconds, the former establishing the record in 1925 and the latter duplicating it in 1925. The record in the 220-yard dash is held by Imig of Sheboygan who traveled the distance in 25 seconds in 1925.

Schmiz of Manitowoc made a record of 57.2 seconds for the 440-yard dash in 1925 and, in the 880 yard run, Skoracki of Manitowoc holds the record of 2 minutes and 14.2 seconds, established in 1924. Loomas of West Green Bay set the record for the 150-yard high hurdles in 1925. His mark is 17.9 seconds. The record for the 220-yard low hurdles, made by Glasgow of Manitowoc in 1925, is another performance valley athletes will try to duplicate or better.

Hillis of Manitowoc traversed a mile in 5 minutes and 2.1 seconds in 1925 for the record in that distance. Sell of Oshkosh heaved the shot for 41 feet and 1/4 inch for the present record in 1925.

Radick of West Green Bay, in 1925, established the discus throw record with 107 feet and 6 1/2 inches. A tie exists in the pole vault event. Both Neller and Tuttrup of Appleton cleared the cross-bar at 9 feet and 4 inches in 1924. Gerschmehl of Sheboygan and West of Manitowoc jointly hold the record for the high jump with 5 feet and 3 inches, made in 1924. Kirkham of Marinette, in 1925, hopped across a space of 15 feet and 4 inches for the broad jump record. In 1925 Hanson of West Green Bay threw the javelin 135 feet and 7 inches for the record in that event. The Manitowoc relay team established the relay race record in 1925 by stepping the distance in 1 minute and 45.8 seconds.

State records for the track and field events follow:
100 yds.—10 seconds.
220 yds.—22 4/5 seconds.
440 yds.—52 seconds.
Half mile—2:33 3/5.
1 mile—4:32 2/5.
120 yd. hurdles—16 1/5 seconds.
220 yd. hurdles—26 seconds.
High jump—4 feet, 10 1/2 inches.
Broad jump—21 feet, 3 inches.
Pole vault—11 feet, 7 1/4 inches.
Discus—130 feet, 1 1/2 inches.
Shot—47 feet, 4 inches.
Javelin—171 feet, 1 1/2 inches.
Half mile relay—1:36 2/5.
Here are the national high school records for the events:
100 yds.—9 4/5 seconds.

HORSESHOE TIRE SERVICE

Yes, sir, we give service. Taking your money doesn't end the transaction. We know that MAXIMUM MILEAGE depends on the care your tires are given. We ask you to drive around regularly so your wheel alignment and air pressure can be checked and your tires examined for cuts and bruises. And of course every time we change a tire the rims are cleaned of rust and graphited. Small services, but, believe us, they make a lot of difference in the last mile the speedometer shows.

There is no extra charge. Road Service too "You'll Have Better Luck With HORSESHOES"

Condensed Opportunities

The way that opportunities are condensed and filed for quick finding in the Post-Crescent's A-B-C Classified Section is comparable to a pantry shelf filled with tinned foods.

Those foods don't take up much room—but there's lots of nutrition there. You can get a whole meal out of one little tin. You know—the "just-add-hot-water-and-serve" kind!

And there's a wonderful variety of foods in all these different tins, too. But just the same, you are never at a loss to know which is which. Their labels tell the story.

It's exactly the same way with A-B-C Classified Offers. They're all plainly labeled with classification headings and index terms. And these offers don't take up much room—but just you add a little hot interest and see how they serve you!

If all this isn't food for thought—nothing is!

STILL FALLING
Motor Shares Sluff Off When U. S. Announces Shipments Exceed Sales

New York (P)—Selling pressure was renewed at the opening of Thursday's stock market and prices lost ground. Consolidated Cigar dropped 1/4 to 4 1/4, a new low for the year; Coca Cola yielded 1 1/4 and Mack Trucks 1. Hudson opened a point higher on short covering. Trading was in fairly heavy volume.

The announcement of plans to re-start sugar production in Cuba 10 per cent brought buying support into the sugar shares, which were acutely weak Wednesday. South Porto Rican sugar rallied 3 points before the end of the first half hour and Punta Alegre two. Further weakness developed in some of the motors with the decline attributed in some quarters to a statement in the federal reserve bulletin that retail sales of cars had not kept pace with manufacturer's shipments to dealers. Jordan and Pierce Arrow preferred each fell back about a point. Union tank car, Allied Chemical, National Discount and Texas Gulf Sulphur also fell back a point or two.

Some support came from the market for the railroads, but the selling movement moved up a point above Wednesday's closing quotations. Foreign exchanges opened heavy, French francs breaking nearly five points to a new record low level for all time at 3.37 1/2 cents. Belgian francs fell six points to 3.71 cents. Demand sterling held steady around \$4.85 9/16.

Selling orders began to pour in for the general run of stocks after U. S. Steel broke to 117 and Hudson Motors to 61 both new low prices for the year. About a dozen other shares also touched new minimums. South Porto Rican sugar dropped from 100 1/2 to 92 despite a sharp rise in raw and refined sugars. Loose-Wiles biscuit and Remington typewriter gave way 5 1/2 and 4 1/2 respectively. Alcoa Chemical, General Electric, Manhattan, electric, all supply and U. S. Cast Iron Pipe Co. and Norfolk and Western 2 1/4. Strong support was extended to some of the pivotal industrials later. U. S. Steel rallying to 118; Hudson Motors to 63 and General Electric from 28 1/2 to 29 1/4. The renewal rate on call loans was shaded to 4 1/4 per cent.

The closing was firm total sales approximated 1,400,000 shares.

for an **EASY** WASHER

DURING OUR SPECIAL DEMONSTRATION we will place an Easy on FREE trial in your home without any obligation to buy. This offer is made to show you the remarkable advantages of the Easy. Phone for a home demonstration.

Once you have an Easy, washday is no longer a bugbear. The Easy is simple to operate. It handles clothes gently, but washes them spotlessly clean in a few minutes. It does the whole job more quickly, too, because the tub is big enough to hold ten single sheets at once. And it has a big special feature in its handy gas heater, which keeps the water at an even temperature.

The wonderful results the Easy gives are due to the famous Vacuum Cup Principle, by which it washes. And it keeps on giving the same results for years, for in materials and construction it is mechanically on a par with the finest automobile.

Think of the comfort and joy of owning an Easy Washer. And then think of the drudgery of washing by hand.

Phone us for a free home demonstration, so you can see the Easy for yourself.

Convenient terms of payment. Ask for details.
